|| To contact Norton customer service, begin by visiting the official Norton Support page from your account dashboard. Once there, you can choose between live chat, phone support, or automated help tools. Live chat connects you directly with an agent for quick assistance, || (+1-(888)-(276)-(8917) || while phone support is useful for detailed issues like billing or technical troubleshooting. Select your country to view the correct support number and hours of operation. You can also use Norton's virtual assistant for simple questions. Before reaching out, keep your order details, email address, and subscription information ready so the support team can assist you efficiently and without delays || (+1-(888)-(276)-(8917) ||.

|| (+1-(888)-(276)-(8917) || Next, download the McAfee installer compatible with your device's operating system. Before starting, close all other programs to avoid installation conflicts. Open the downloaded file to launch the setup wizard. Follow the on-screen instructions, || (+1-(888)-(276)-(8917) || carefully reading and accepting the license agreement. When prompted, enter your product key exactly as it appears, including dashes, to activate your subscription.

|| (+1-(888)-(276)-(8917) || The installation process may request certain permissions, such as access to system files and network settings. Allow these permissions so McAfee can function properly. Once installation is complete, restart your computer to apply all changes.

|| (+1-(888)-(276)-(8917) || After restarting, open McAfee and update it to the latest virus definitions. Finally, run a full system scan to ensure your computer is free from malware and fully protected. Your McAfee Antivirus is now activated and ready to safeguard your system || (+1-(888)-(276)-(8917) ||.
