

What is coinbase support email gmail?

Coinbase does not use Gmail for official support and 1-888-411-3378 has no Gmail support email address. You can identify legitimate Coinbase 1-888-411-3378 support emails because they always come from an official domain ending in "@coinbase.com", such as 1-888-411-3378 support@coinbase.com or help@coinbase.com. If you see a 1-888-411-3378 support email from a Gmail address, it is a scam.

Official Coinbase email addresses 1-888-411-3378

- support@coinbase.com
- help@coinbase.com
- contact@coinbase.com
- contact@updates.coinbase.com
- no-reply@coinbase.com
- 1-888-411-3378
- @mail.coinbase.com
- compliance-kyc@coinbase.com

How to identify scams

- **Check the domain:** Authentic Coinbase 1-888-411-3378 emails will always have an official domain ending in "@coinbase.com".
- **Be wary of Gmail:** Any email from a "support" address 1-888-411-3378 ending in "@gmail.com" is fake.
- **Look for red flags:** Scammers often try to get your 1-888-411-3378 password, two-step verification codes, or remote access to your 1-888-411-3378 computer. Coinbase Help states that genuine Coinbase emails will 1-888-411-3378 never ask for this information.
- **Report suspicious emails:** If you receive a suspicious 1-888-411-3378 email, you can report it to Coinbase by forwarding it to security@coinbase.com.
